

NUC7i3BNK - Dual-Core i3 Short Chassis

Who said small isn't powerful?

The Simply NUC7i3BNK is able to run multiple applications simultaneously including massive spreadsheets, documents, presentations, and any other small home or office needs you might have as well as streaming video, showing off slideshows, and even voice interaction using Cortana. All of this in a small 4" x 4" x 1.4" sized package which can mount behind your monitor or be unobtrusively located in plain sight due to its small size. And the active cooling system adjusts as needed to provide quiet during light loads where it isn't needed as much, and barely audible cooling when more is needed.

The Simply NUC7i3BNK is built with the 7th generation Intel® Core™ i3 processor give you the performance to handle anything you throw at it.

Ultra-thin profile

The Simply NUC7i3BNK has an extra low profile to help it fit in spaces most other computers and media players can't.

New features let you use Windows® 10 to its full potential

The Simply NUC7i3BNK has some cool new features including dual-array front microphones so you can take advantage of Cortana's capabilities if you include Windows® 10 with no additional hardware needed. There's also a front power button and a multi-color LED ring so you can personalize the NUC with the look you want, along with 7.1 surround sound via the HDMI port to deeply immerse you in your content. You can also listen with headphones via the front microphone/audio jack. The choice is yours.

Cut the cords, not the Performance

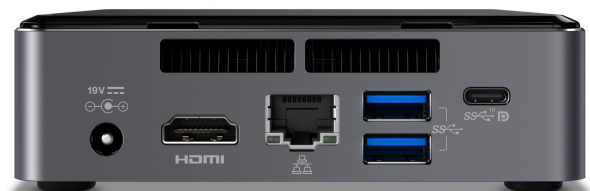

The Simply NUC7i3BNK comes with Intel® 802.11ac wireless, called Gigabit wireless, for connectivity right out-of-the-box. This makes it simple to immediately access files in the cloud, and with built-in Bluetooth 4.2, you can connect wireless peripherals like headsets and keyboards.

Highlighted features

- 7th Gen Intel® Core™ i3
- Intel® HD Graphics 620
- 4GB DDR4 (32GB Max)
- 128GB SSD (2TB Max)
- Micro SD card slot
- HDMI 2.0 supporting 4K @ 60Hz
- DisplayPort 1.2 on Type-C port
- Intel® Gigabit LAN
- Intel® Dual Band Wireless
- Bluetooth 4.2
- Four USB 3.0 Ports. One w/Charging
- USB 3.1 Gen 2 Type-C port
- Digital Audio 7.1 Surround Sound
- HD Audio over 3.5mm Headset Jack
- Front panel power button
- Kensington lock support
- 19V DC Jack (12-24v operation)
- Consumer infrared sensor

Customization

- Two DDR4 SO-DIMM Sockets
- M.2 slot supports PCI or SATA SSD
- Supports functional and colored Lids
- Multi-color front panel LED ring

Simply NUC Services

You can order this NUC in your various configurations, as well as your corporate OS Image loaded and ready to deploy.

Technical Specifications

Processor <ul style="list-style-type: none"> Intel® Core™ i3-7100U processor (2.4 GHz, Dual Core, 3 MB Cache, 15W TPD) 	Graphics <ul style="list-style-type: none"> Intel® HD Graphics 620 One HDMI 2.0 port USB Type-C port with DisplayPort 	System Memory <ul style="list-style-type: none"> Two DDR4 SO-DIMM sockets (4GB supplied as standard, 32GB Max), 1.2V
